

Paraben's ELECTRONIC EVIDENCE EXAMINER

The E3 Forensic Platform is intelligently designed to optimize your digital data process. With its user-friendly interface, you can effortlessly navigate through a faster learning experience to acquire the necessary data. By employing a unified solution, you can efficiently capture and review digital data, allowing for a seamless transition from computer evidence to mobile. Our advanced technology enables comprehensive acquisitions and analyses, ensuring you uncover the precise data you seek. **To request additional information please email us at sales@paraben.com**

Licensing Options

Each licensing option available for the E3 Platform at Paraben Corporation is designed to fit within your budget without causing financial strain, as the first year of updates is already included in the purchase price with perpetual licenses. The default option is indicated below, but alternative choices can be accommodated upon customer request. With an E3 license, you have the freedom to upgrade or change your license option at any time, as long as your subscription remains active. Rest assured, Paraben Corporation is committed to providing you with the flexibility and reliability you have come to expect. Keep your subscription current and enjoy the benefits of our trusted services.

Licensing Option	Details	Availability
SaaS	Monthly Fee or Annual Option	See Available Licenses Above Web Based License
Web License	No Fee	Default Option
Electronic Hardware Key	No Fee	Available All License Options
Dongle License	\$110.00 + Shipping	Available All License Options

Training Options

Paraben Corporation offers a range of courses dedicated to maximizing your E3 Forensic Platform experience. Our courses are available online, with certain options also offered in person. With great flexibility in training, each course comprises lectures, labs, and a certification test. Explore our comprehensive course list on our [website](#).
